SUMMARY

Full-Stack Developer with 1+ years of experience building responsive, high-performance web applications using React, Next.js, TypeScript, and Node.js. Skilled in designing database schemas, developing RESTful APIs with Express.js and Nest.js, and delivering end-to-end features in Agile environments alongside UI/UX designers and backend engineers. Focused on performance optimization, reusable component architecture, and reliable user experiences.

SKILLS

Languages & Markup: HTML, CSS, JavaScript, TypeScript, PHP

Frontend: React, Next.js, Angular, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, Nest.js, Laravel

Databases: MongoDB, MySQL

Tools & Practices: Git, GitHub, RESTful APIs, Agile/Scrum, Responsive Design, UI/UX Implementation

PROFESSIONAL EXPERIENCE

Frontend Developer, Infotech Global

07/2025 – 03/2026

- Developed and enhanced a full-stack web app using React and TypeScript, owning frontend features end-to-end across multiple release cycles.
- Improved frontend performance and API integration, cutting page load time by 35% and data-fetch latency by 40%.
- Collaborated with backend engineers on RESTful API design using Node.js and Express.js, ensuring reliable data flow across the stack.

Frontend React Intern, ABS.AI

01/2025 – 03/2025

- Built and shipped dynamic React applications in an Agile, sprint-based environment, participating in daily standups, sprint planning, and code reviews.
- Translated UI/UX mockups (Figma) into responsive, production-ready frontend components using React and Tailwind CSS, ensuring pixel-accurate, cross-device implementation.

Frontend Angular Intern, Yearex Group

09/2024 – 12/2024

- Redesigned the company website using Angular, implementing reusable and responsive UI components that improved cross-page consistency.
- Created a shared component library that reduced future frontend development time by an estimated 30%.

Summer IT Trainee, QNB Al-Ahli

06/2019 – 07/2019

- Rotated across IT department sections, gaining exposure to enterprise problem-solving and emerging technologies.

PROJECTS

EventBook, *React, Tailwind CSS, Swiper, Axios, Node.js, MongoDB, Express.js*

- Built a full-stack ticket booking platform with an end-to-end booking flow for attendees and a dedicated organizer dashboard for event creation, ticket management, and sales tracking.

News Today, *React, Tailwind CSS, Axios, Nest.js, MongoDB*

- Developed a full-stack content platform with a Nest.js backend serving paginated, cached news data via RESTful APIs, minimizing redundant fetches and improving load performance.
- Structured a MongoDB schema for scalable content categorization, enabling fast filtering and search across articles.

Jubari Clone, *Angular, Bootstrap, Laravel, MySQL*

- Built a full-stack travel booking platform with destination discovery, search/filter functionality, and secure reservation.
- Implemented relational data models to manage destinations and user reservations.

Adidas Clone, *Angular, Bootstrap*

- Recreated a pixel-accurate, fully responsive e-commerce UI, translating high-fidelity design mockups into reusable components across product listing, detail, and cart views.

Wiki-Search, *HTML, CSS, Bootstrap, JavaScript*

- Built a knowledge-sharing platform replicating Wikipedia's core search and content-creation flows, including client-side search filtering and dynamic content rendering.

Finexo, *HTML, CSS, Bootstrap, JavaScript*

- Designed and built a static, fully responsive corporate website with a component-based layout structure, optimized for fast load times and cross-device consistency.

EDUCATION

Bachelor's Degree in Computer Engineering,

Modern Sciences & Arts University, dual degree with University of Greenwich

2018 – 2023

IGCSE, *Orouba Language Schools*

2015 – 2018

CERTIFICATES

Full-Stack Web Development Certificate

- Completed a comprehensive full-stack program covering HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL, building a strong foundation for developing dynamic and responsive web applications.

Tech Track Certificate – Digitera Program

- Completed the Tech Track program by Digitera, organized by iCareer under the Youth Inclusion and Employment Program, Ready for Tomorrow.
- Recognized for commitment to professional development and continuous learning in the technology sector.
