SUMMARY

Full-Stack Developer with hands-on experience building responsive, production-grade web applications. Proven track record delivering features end-to-end, from database schema design to RESTful API integration and polished UI implementation. Strong background in Agile, cross-functional collaboration with UI/UX designers and backend engineers, and a consistent focus on performance optimization and code reusability.

SKILLS

HTML, CSS, Bootstrap, Tailwind, Java Script, Type Script, React, Angular, Next JS, Node JS, Nest JS, Mongo DB, MYSQL, Github

PROFESSIONAL EXPERIENCE

Frontend Developer, Infotech Global 07/2025 – 03/2026

- Delivered a full-stack web application using React for the frontend, owning features end-to-end from database schema design through UI rendering, resulting in on-time delivery across multiple release cycles.
- Optimized frontend performance and API integration, reducing page load and data-fetch latency and improving overall application responsiveness.
- Collaborated with backend engineers to design and implement RESTful API endpoints, ensuring seamless, reliable data flow across the full stack.

React Intern, ABS.AI 01/2025 – 03/2025

- Built and shipped multiple dynamic web applications using React within an Agile, sprint-based development environment.
- Partnered with UI/UX designers to translate design mockups into responsive, accessible, production-ready frontend components.

Front End Internship, Yearex Group 09/2024 – 12/2024

- Redesigned the company website using Angular, implementing reusable, responsive UI components that improved cross-page consistency.
- Created a shared component library that improved UI usability and reduced future front-end development time by an estimated 30%.

Summer IT Trainee, QNB AL-AHLI 06/2019 – 07/2019

We got introduced to different sections of the IT department, and we knew more about the ways problems are solved and new technologies of each field.

EDUCATION

Bachelor Degree in Computer Engineering, 2018 – 2023

Modern Sciences & Arts University — dual degree with University of Greenwich

IGCSE, Orouba Language Schools 2015 – 2018

PROJECTS

EventBook [!\[\]\(529949c2c3dadbaa4e538e8c643454bc_img.jpg\)](#), *React, Tailwind, Swiper, Axios, NodeJS, MongoDB, Express*

- Built a complete full-stack ticket booking web application from scratch, enabling users to browse events, select tickets, and complete purchases online.
- Engineered an intuitive booking flow that streamlined the end-to-end experience for both event organizers and attendees.

News Today [!\[\]\(99f58673407353e96a019fbca558fd72_img.jpg\)](#), *React, Tailwind, Axios, NestJS, MongoDB*

- Developed a minimalist, responsive content platform covering science, tech, health, and sports categories.
- Implemented seamless backend data fetching and integration for a fast, clean user experience.

Jubari Clone [!\[\]\(339a16584d5da0f0a3ca4e9ec17bf6a1_img.jpg\)](#), *Angular, Bootstrap*

Replicated core travel-platform features including destination browsing, pricing and duration filters, and group-size display logic.

Adidas Clone [!\[\]\(de95854c7ee024cfadc48187bbb781b2_img.jpg\)](#), *Angular, Bootstrap*

Built a pixel-perfect, fully responsive clone of the Adidas website, demonstrating strong UI attention to detail.

Wiki-Search [!\[\]\(6059a5aa8b4ca7bb793408023d6c6e42_img.jpg\)](#), *HTML, CSS, Bootstrap, Java Script*

Created a collaborative knowledge-sharing platform replicating Wikipedia's core search and content-creation features.

Finexo [!\[\]\(6a9b39b98eb945faa14c645ec99e4eaa_img.jpg\)](#), *HTML, CSS, Bootstrap, Java Script*

Designed a clean, static corporate website showcasing company services with a professional, user-friendly layout.

COURSES

Full Stack Web Development Certificate, *YAT Learning Center*

HTML, CSS, Bootstrap, JavaScript, PHP & MySQL. Frontend and backend foundations for dynamic, responsive web applications.
